RVA ENGINEERING LIMITED
DIRECTOR'S RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 12 SEPTEMBER 2025

General Responsibilities

The director is responsible for preparing the Director's Report and the financial statements in accordance with applicable Irish Law and regulations.

Irish company Law requires the directors to prepare financial statements for each financial year. Under the law the directors have elected to prepare the financial statements in accordance with the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council. Under Company Law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date of the profit or loss of the company for the financial year end and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- Select suitable accounting policies for the company financial statements and then apply them consistently.
- Make judgements and estimates that are reasonable and prudent.
- State whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which is correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy and enable them to ensure that the financial statements and Director's Report comply with Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for prevention and detection of fraud and other irregularities.

Director's declaration on unaudited financial statements

In relation to the financial statements comprising the Profit or Loss Account, the Balance Sheet, the Statement of Cash Flows, the Accounting Policies and the related notes:

The Director approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis , the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.

RVA ENGINEERING LIMITED
DIRECTOR'S RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 12 SEPTEMBER 2025

The Director confirm that he has made available to Alexandru Vintea MIATI accountant, all the company's accounting records and provided all the information, books and documents necessary for the compilation of the financial statements.

The director confirms that to the best of his knowledge and belief, the accounting records reflect all the transactions of the company for the year ended 12 September 2025.

RVA ENGINEERING LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 12 SEPTEMBER 2025

1. GENERAL INFORMATION

RVA ENGINEERING Limited is a company limited by shares incorporated in the Republic of Ireland.

2. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Statement of Compliance

The financial statements of the company for the year ended 31 January 2025 have been prepared on the going concern basis and in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS102).

Basis of Preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention as modified by the revaluation of certain tangible and intangible fixed assets and comply with the financial reporting standards of the Financial Reporting Council and Companies Act 2014.

The Financial statements are prepared in Euro which is the functional currency of the company. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council.

Turnover

Turnover comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on dispatch of the goods, the amount of turnover can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Turnover from the provision of services is recognised in the accounting period in which the services are rendered, and the outcome of the contract can be estimated reliably. The company uses the percentage of completion method based on the actual service performed as a percentage of the total services to be provided.

RVA ENGINEERING LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 12 SEPTEMBER 2025

Dividend Distribution

There is no dividends to be distributed in the year ended 12 September 2025.

Tangible Fixed Assets and Depreciation

Tangible Fixed Assets are recorded at historical cost or deemed cost, less accumulated depreciation and impairment losses.

Fixtures and Fittings, equipment and motor vehicles are stated at cost less accumulated depreciation and accumulated impairment losses.

The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Buildings	- 2% straight line
Plant and Machinery	- 20% straight line
Fixture Fittings and equipment	- 20% straight line
Motor Vehicles	- 20% straight line
Leased Equipment	- 20% straight line

The company's policy is to review the remaining useful economic lives and residual values of property, plant and equipment on an on-going basis and to adjust the depreciation charge to reflect the remaining estimated useful economic life and residual value.

Fully depreciated property, plant & equipment are retained in the cost of property, plant & equipment and related accumulated depreciation until they are removed from service. In the case of disposals, assets and related depreciation are removed from the financial statements and the net amount, less proceeds from disposal, is charged or credited to the Profit or Loss account.

No depreciation is charged on land.

At each reporting date, fixed assets are reviewed to determine whether there is any indication that those assets have suffered impairment in the recoverable amount. If there is an indication of possible impairment, the recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

Leasing and Hire Purchase

Tangible fixed assets held under leasing and Hire Purchase arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the balance sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the Profit or Loss account.

Stock

Inventories are measured at the lower of cost and selling price less cost to complete and sell. Cost is calculated on a First In First Out basis, and includes invoice price, import duties and transportation costs. Net realisable value comprises the actual or estimated selling price less all further costs to completion or to be incurred in marketing, selling and distribution.

Trade and Other Debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the balance Sheet bank are shown with creditors.

Borrowing Costs

All borrowing costs are recognised in Profit or Loss in the period in which they are incurred.

Provisions

Provisions are recognised when the company has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessment of the same value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

Trade and Other Creditors

Trade and other creditors are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

RVA ENGINEERING LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 12 SEPTEMBER 2025

Taxation and deferred taxation

Current Tax represents the amount expected to be paid or recovered in respect of taxable profits for the year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.

Employees and Remuneration

Number of employees

The average number of persons employed during the year was as follows:

Full-time 12

Part-time 2

The staff costs inclusive of director remuneration comprise:

Wages and salaries 227,560e

Employer's Cost 24,669e
