Directors' responsibilities statement

These abridged financial statements have been extracted, pursuant to section 353 of the Companies Act 2014, from the statutory financial statements prepared under section 290 of that Act. The following is the Directors' Responsibilities Statement accompanying those financial statements.

The directors are responsible for preparing the directors report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors to prepare financial statements for each financial year. Under the law, the directors have elected to prepare the financial statements in accordance with the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", applying Section 1A of that standard, issued by the Financial Reporting Council. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

These financial statements have been prepared in accordance with the Small Companies Regime.

We, as directors of Pilot Aviation Services Limited state that:

- the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014;
- the company is availing itself of the exemption on the grounds that the conditions specified in section 358 of the Companies Act 2014 are satisfied;
- the shareholders of the company have not served a notice on the company under section 334(1) of the Companies Act 2014 in accordance with section 334(2);
- We acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a financial year and to otherwise comply with the provisions of Companies Act 2014 relating to financial statements so far as they are applicable to the company; and
- the company has relied on the specified exemption contained in section 352 of the Companies Act 2014; has done so on the grounds that the company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with section 353 of the Companies Act 2014.

The notes on pages 5 to 9 form part of these abridged financial statements.

Pilot Aviation Services Limited

**Balance sheet (continued)
As at 31 October 2025**

These abridged financial statements were approved by the board of directors on 15 December 2025 and signed on behalf of the board by:

Mark Dwyer
Director

Jennifer Jacobs
Director

The notes on pages 5 to 9 form part of these abridged financial statements.

Pilot Aviation Services Limited

Notes to the abridged financial statements Financial year ended 31 October 2025

1. General information

The financial statements comprising the Profit and Loss Account, the Balance Sheet and the related notes constitute the individual financial statements of Pilot Aviation Services Limited for the financial year ended 31 October 2025.

Pilot Aviation Services Limited is a private company limited by shares (registered under Part 2 of Companies Act 2014), incorporated and registered in the Republic of Ireland (CRO number: 729251). The address of the registered office is 114 Meadow Mount, Churchtown, Dublin 16, D16 VP02, Ireland, which is also the principle place of business of the company. The nature of the company's operations and its principal activities are set out in the Directors' Report.

Statement of compliance

These financial statements have been prepared in compliance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS 102), applying section 1A of that Standard.

Currency

The financial statements have been presented in the Euro currency (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention modified to include certain items at fair value. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 (the Act) and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council. The company qualifies as a small company for the period, as defined by section 280A of the Act, in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Act and Section 1A of FRS 102.

Turnover

Turnover is stated net of trade discounts, volume rebates, VAT and similar taxes and derives from the provision of goods and services falling within the company's ordinary activities. Turnover on sale of goods is recognised when the company has transferred the significant risks and rewards of ownership in the goods, which usually takes place when the goods are physically delivered to the buyer. Turnover on supply of services is recognised by reference to the stage of completion of the service at the end of the financial year. The stage of completion is determined primarily on the basis of time costs applied to individual service assignments. Deposits received from customers in advance of completion of sales of goods or in advance of the stage of completion of services at the end of the financial year are not recognised as income and are included in creditors.

Pilot Aviation Services Limited

Notes to the abridged financial statements (continued)
Financial year ended 31 October 2025

Taxation and deferred taxation

The charge for taxation is based on the profit for the financial year and is calculated with reference to the tax rates applying at the financial year end date in the jurisdiction where the tax is applied. Deferred taxation is calculated on the differences between the company's taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. Full provision for deferred tax assets and liabilities is made at current tax rates on differences that arise between the recognition of gains and losses in the financial statements and their recognition in the tax computation, including differences arising on the revaluation of fixed assets. Deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Stocks

Stocks are stated at the lower of cost and net realisable value using the first in first out method. In the case of finished goods and work in progress, cost is defined as the aggregate cost of raw material, direct labour and the attributable proportion of direct production overheads based on a normal level of capacity. Net realisable value is based on normal selling price, less further costs expected to be incurred to completion and disposal.

At the end of each reporting period, stocks are assessed for impairment. If an item (or group of items) is impaired, that item is measured at its selling price less costs to complete and sell, and an impairment loss is recognised.

Retirement benefit costs

The company operates a defined contribution scheme. Retirement benefit contributions in respect of the scheme for employees are charged to the profit and loss account as they become payable in accordance with the rules of the scheme. The assets are held separately from those of the company in an independently administered fund. Differences between the amounts charged in the profit and loss account and payments made to the retirement benefit scheme are treated as assets or liabilities.

Once-off termination payments that are not required by contract, legislation, or other obligations or commitments, are recognised in the financial year in which they become payable.

Financial instruments

Ordinary Share Capital

The ordinary share capital of the company is presented as equity.

Cash and cash equivalents

Cash consists of cash on hand and demand deposits. Cash equivalents consist of short term highly liquid investments that are readily convertible to known amounts of cash that are subject to an insignificant risk of change in value.

Pilot Aviation Services Limited

Notes to the abridged financial statements (continued) Financial year ended 31 October 2025

Other financial assets

Other financial assets including trade debtors arising from goods sold to customers on short-term credit, are initially measured at the undiscounted amount of cash receivable from that debtor, which is normally the invoice price. If payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate, this constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, other financial assets are measured at amortised cost less impairment, where there is objective evidence of impairment.

Other financial liabilities

Other financial liabilities, including trade creditors arising from goods purchased from suppliers on short-term credit, are initially measured at the undiscounted amount owed to the creditor, which is normally the invoice price. Liabilities that are settled within one year are not discounted. If payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate, this constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, other financial liabilities are measured at amortised cost.

Loans and borrowings

All loans made by the company are initially recorded at the amount of cash advanced plus transaction costs incurred, unless the arrangement constitutes, in effect, a financing transaction, in which case it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. Subsequently loans made by the company are stated at amortised cost using the effective interest rate method less impairment, where there is objective evidence of impairment.

All borrowings by the company, with the exception of loans from directors who are natural persons and shareholders in the company (or close members of the family of such persons), are initially recorded at the amount of cash received less separately incurred transaction costs, unless the arrangement constitutes, in effect, a financing transaction, in which case it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, borrowings are stated at amortised cost using the effective interest rate method.

Loans from directors who are natural persons and shareholders in the company (or close members of the family of such persons) are initially measured at transaction price and not discounted on subsequent measurement.

The computation of amortised cost includes any issue costs, transaction costs and fees, and any discount or premium on settlement, and the effect of this is to amortise these amounts over the expected borrowing period. Loans with no stated interest rate and repayable within one year or on demand are not amortised. Loans and borrowings are classified as current assets or liabilities unless the borrower has an unconditional right to defer settlement of the liability for at least twelve months after the financial year end date.

Judgements

The directors consider the accounting assumptions below to be its critical accounting judgements:

Going Concern

The directors consider it appropriate to prepare the financial statements on a going concern basis.

Pilot Aviation Services Limited

Notes to the abridged financial statements (continued)
Financial year ended 31 October 2025
