Directors' declaration on unaudited financial statements

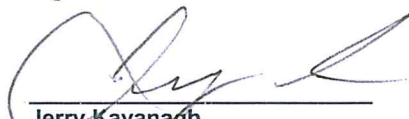

In relation to the financial statements which comprise the Balance Sheet, the Statement of Changes in Equity and the related notes:

The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. Tangible assets and depreciation

Tangible assets are assets that are initially accounted for at cost, and subsequently carried at cost or at valuation less accumulated depreciation charges and impairments. The charge to depreciation is calculated to write off the original cost or valuation of tangible fixed assets, less their estimated residual value, over their expected useful lives as follows:

In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Employee benefits

The company recognises the cost of all employee benefits to which its employees have become entitled as a result of service rendered to the entity during the year as an expense to the Profit and Loss Account.
