N & R BOOKKEEPING SERVICES LIMITED

We, as directors of N & R Bookkeeping Services Limited, state that:

- (a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,
- (b) the company is availing itself of the exemption on the grounds that the conditions specified in Section 358 are complied with,
- (c) no notice under subsection (1) of section 334 has in accordance with subsection (2) of that section been served on the company, and
- (d) we acknowledge the company's obligations under Companies Act 2014, to keep adequate accounting records and prepare Financial Statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profits or loss for such a year and to otherwise comply with the provisions of Companies Act 2014 relating to Financial Statements so far as they are applicable to the company.

We, as directors of N & R Bookkeeping Services Limited, state that - the company has relied on the specified exemption contained in Section 352 Companies Act 2014; has done so on the grounds that the company is entitled to the benefit of that exemption as a company that qualifies for the micro companies regime and confirm that the abridged Financial Statements have been properly prepared in accordance with Section 353 Companies Act 2014.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the micro companies regime and in accordance with Financial Reporting Statement 105 'The Financial Statement Reporting Standard applicable to Micro-Entities Regime'.

The financial statements were approved and authorised for issue by the Board on 26th January 2026 and signed on its behalf by

Ryan Conroy
Director

Nicola Conroy
Director

N & R BOOKKEEPING SERVICES LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST MAY 2025**

1. Accounting Policies

The company's registered office is 57 Stepside Park, Stepside, Dublin 18, . The company is a limited liability company incorporated and domiciled in Ireland and its company registration number is 742901. The company is tax resident in Ireland.

The significant accounting policies adopted by the Company and applied consistently in the preparation of these financial statements are set out below.

1.1. Basis of Preparation of Financial Statements

The financial statements are prepared on the going concern basis, under historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council including FRS 105 'The Financial Reporting Standard applicable to the Micro-Entities Regime' and promulgated by The Association of Chartered Certified Accountants and The Institute of Chartered Accountants in Ireland and the Companies Act 2014.

The financial statements are prepared in Euro which is the functional currency of the company.

1.2. Revenue

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on dispatch of the goods, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

1.3. Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MAY 2025

1.4. Property plant and equipment

(i) Cost

Property, plant and equipment are recorded at historical cost or deemed cost, less accumulated depreciation and impairment losses. Cost includes prime cost, overheads and interest incurred in financing the construction of tangible fixed assets. Capitalisation of interest ceases when the asset is brought into use.

Equipment, fixtures and fittings are stated at cost less accumulated depreciation and accumulated impairment losses.

(ii) Depreciation

Depreciation is provided on property, plant and equipment, on a straight-line basis, so as to write off their cost less residual amounts over their estimated economic lives as follows:

The estimated economic lives assigned to property, plant and equipment are as follows:

Fixtures & fittings - 12.5% Straight Line

The company's policy is to review the remaining economic lives and residual values of property, plant and equipment on an on-going basis and to adjust the depreciation charge to reflect the remaining estimated life and residual value.

Fully depreciated property, plant & equipment are retained in the cost of property, plant & equipment and related accumulated depreciation until they are removed from service. In the case of disposals, assets and related depreciation are removed from the financial statements and the net amount, less proceeds from disposal, is charged or credited to the income statement.

(iii) Impairment

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is recognised in profit or loss unless the asset is carried at a revalued amount where the impairment loss is a revaluation decrease.

N & R BOOKKEEPING SERVICES LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MAY 2025

1.5. Inventories

Inventories comprise consumable items and goods held for resale. Inventories are stated at the lower of cost and net realisable value. Cost is calculated on a first in, first out basis and includes invoice price, import duties and transportation costs. Net realisable value comprises the actual or estimated selling price less all further costs to completion or to be incurred in marketing, selling and distribution.

At the end of each reporting period inventories are assessed for impairment. If an item of inventory is impaired, the identified inventory is reduced to its selling price less costs to complete and sell and an impairment charge is recognised in the profit and loss accounts. Where a reversal of the impairment is recognised the impairment charge is reversed, up to the original impairment loss, and is recognised as a credit in the profit and loss account.

1.6. Trade receivables

Trade receivables are recognised initially at fair value and subsequently less any provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. All movements in the level of the provision required are recognised in the profit and loss.

1.7. Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

1.8. Trade payables

Accounts payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

N & R BOOKKEEPING SERVICES LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MAY 2025

1.9. Employee benefits

The company provides a range of benefits to employees, including paid holiday arrangements and defined contribution pension plans.

(i) Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

(ii) Defined contribution pension plans

The Company operates a defined contribution plan. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate fund. Under defined contribution plans, the company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.10. Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1.11. Going Concern

The financial statements have been prepared on a going concern basis and comply with the requirements of Irish Statute comprising the Companies Act 2014 and with accounting standards generally accepted in Ireland. This assumes that the company will continue in operational existence for the foreseeable future having adequate resources (including financial resources) to meet its obligations when they fall due. The validity of the going concern basis is primarily dependent upon the continued financial support from its directors.
