NOTES TO THE ABRIDGED FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST MAY 2025**

1. Accounting Policies

The principal activity of the company is the provision of Medieval and Gothic art consultancy services. The company is a limited liability company incorporated and domiciled in Ireland. The company is tax resident in Ireland.

The significant accounting policies adopted by the Company and applied consistently in the preparation of these financial statements are set out below.

1.1. Basis of Preparation of Financial Statements

The financial statements are prepared on the going concern basis, under historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council including FRS 105 'The Financial Reporting Standard applicable to the Micro-Entities Regime' and promulgated by The Association of Chartered Certified Accountants and The Institute of Certified Public Accountants in Ireland and the Companies Act 2014.

The financial statements are prepared in Euro which is the functional currency of the company.

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Revenue from the provision of services is recognised in the accounting period in which the services are rendered and the outcome of the contract can be estimated reliably. The company uses the percentage of completion method based on the actual service performed as a percentage of the total services to be provided.

1.2. Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

1.3. Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.
