OKJON Limited is a private company limited by shares incorporated in Ireland. The registered office is 19 Bachelors Lane, Drogheda, Co Louth.

I, as director of OKJON Limited, state that:

(a) the company is availing itself of the exemption from audit provided for by Chapter 15 of Part 6 of the Companies Act 2014;

(b) the company is availing itself of the exemption on the grounds that section 358 is complied with;

(c) no notice under subsection (1) of section 334 has, in accordance with subsection (2) of that section, been served on the company;

(d) the director acknowledges the obligations of the company, under the Companies Act 2014, to:

(i) keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a year; and

(ii) otherwise comply with the provisions of this Act relating to financial statements so far as they are applicable to the company; and

(e) the company has relied on the specified exemption as a micro company contained in section 352 Companies Act 2014; the company has done so on the grounds that it is entitled to the benefit of that exemption as a small company and confirm that the abridged financial statements have been properly prepared in accordance with section 353 Companies Act 2014.

These financial statements have been prepared in accordance with the micro-entity provisions and in accordance with FRS 105 'The Financial Reporting Standard applicable to the Micro-entities Regime' and the provisions applicable to companies subject to the small companies regime.

The financial statements were approved by the board of directors and authorised for issue on 13 March 2026 and are signed on its behalf by:

John Paul Davis
Director

Company Registration Number 654582

OKJON LIMITED

NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 AUGUST 2025

1 Accounting policies

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 105 'The Financial Reporting Standard applicable to the Micro-Entities Regime' and the requirements of the Companies Act 2014..

The financial statements are prepared in euros, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest €.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the director has a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the director continues to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Financial instruments

Financial assets and liabilities are recognised only when the company becomes a party to the contractual provisions of the instrument. They are recognised initially at cost, which is measured at the transaction price including material transaction costs. Financial assets and liabilities are offset when the company currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Impairment

Financial assets are assessed for indicators of impairment at each reporting end date and any impairment loss is recognised in profit or loss. If in a subsequent period the amount of an impairment loss decreases and the decrease can be related to an event occurring after the impairment was recognised, the impairment is reversed to the extent of this decrease, and is recognised in profit or loss.

Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the expected future cash flows have been materially affected. The impairment loss is calculated as the difference between the carrying amount of the asset and its fair value. For investments, fair value is calculated as the best estimate of the asset's selling price less costs. For other assets apart from derivatives, fair value is calculated as the present value of the estimated net cash flows.

Derecognition

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Financial liabilities are derecognised when the company's contractual obligations expire or are discharged or cancelled. Any gain or loss on derecognition is included in profit or loss.

1.4 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.
