General responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and Generally Accepted Accounting Practice in Ireland, including the accounting standards issued by the Accounting Standards Board.

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

They are also responsible for safeguarding the assets of the company and hence for taking steps for the prevention and detection of fraud and other irregularities.

In relation to the financial statements as set out on pages 2 to 4:

(a) the directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.

(b) the directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the period ending 28th February 2025.
