Belvoir Engineering Limited

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 June 2025

1. General Information

Belvoir Engineering Limited is a company limited by shares incorporated in Ireland. Glenwood House, Glenwood, Sixmilebridge, Co Clare is the registered office, which is also the principal place of business of the company. The nature of the company's operations and its principal activities are set out in the Directors' Report. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Micro Companies Regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Plant and machinery	- 12.5% reducing balance
---------------------	--------------------------

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Employee benefits

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The company also operates a defined benefit pension scheme for its employees providing benefits based on final pensionable pay. The assets of this scheme are also held separately from those of the company, being invested with pension fund managers.

Taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Statement of Financial Position date.
