The financial statements have been prepared in accordance with the Micro Companies Regime as permitted by section 280D of the Companies Act 2014.

I, as director of Carrig Food & Crafts Ltd state that:

- (a) the company is availing itself of the audit exemption (and the exemption shall be expressed to be "the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014"),
- (b) the company is availing itself of the exemption on the grounds that section 358 is complied with,
- (c) no notice under subsection (1) of section 334 has, in accordance with subsection (2) of that section, been served on the company,
- (d) the company qualifies for the Micro Companies Regime on the grounds that section 280D of the Companies Act 2014 is complied with and the financial statements have been prepared in accordance with the Micro Companies Regime,
- (e) the director acknowledges the obligations of the company, under this Act, to -
  - (i) keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a financial year, and
  - (ii) otherwise comply with the provisions of this Act relating to financial statements so far as they are applicable to the company,

**The notes on pages 3 to 7 form part of these abridged financial statements.**

**Carrig Food & Crafts Ltd**

**Balance sheet (continued)  
as at 31st March 2025**

- (f) the company has relied on the specified exemption contained in section 352 of the Companies Act 2014; has done so on the grounds that the company is entitled to the benefit of that exemption as a micro company and the abridged financial statements have been properly prepared in accordance with section 353 of the Companies Act 2014.

These abridged financial statements were approved by the director of the company on .....18.02.26... and signed by:

*Michael O'Connor*

## **Carrig Food & Crafts Ltd**

### **Notes to the abridged financial statements Financial year ended 31st March 2025**

#### **1. General information**

The company is a private company limited by shares, registered in Ireland (CRO registration number: 648120). The address of the registered office is Danescastle, Carrig on Bannow, Bannow, Wexford.

#### **2. Statement of compliance**

These financial statements have been prepared in accordance with FRS 105, 'The Financial Reporting Standard applicable to the Micro-entities Regime'.

#### **3. Accounting policies and measurement bases**

##### **Basis of preparation**

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-entities Regime" issued by the Financial Reporting Council. The company qualifies as a micro company for the period, as defined by section 280D of the Companies Act 2014, in respect of the financial year and has applied the rules of the "Micro Companies Regime" in accordance with section 280E of the Companies Act 2014 and FRS 105.

The financial statements are presented in Euro, which is the functional currency of the entity.

##### **Going concern**

The director considers it appropriate to prepare the financial statements on a going concern basis.

##### **Turnover**

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

##### Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

##### Rendering of services

Revenue from the rendering of services is measured by reference to the stage of completion of the service transaction at the end of the reporting period provided that the outcome can be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

##### **Taxation**

Current tax is recognised for the amount of corporation tax payable in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is not recognised in respect of any timing differences.

##### **Tangible assets**

Tangible assets are measured initially at cost, and are subsequently stated at cost less accumulated depreciation and impairment losses.

## **Carrig Food & Crafts Ltd**

### **Notes to the abridged financial statements (continued) Financial year ended 31st March 2025**

#### **Depreciation**

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures fittings and equipment	- 12.50% straight line
Motor vehicles	- 20.00% straight line

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

#### **Impairment**

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

#### **Stocks**

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stocks to their present location and condition.

#### **Hire purchase and finance leases**

Assets held under finance leases are recognised in the balance sheet as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

## **Carrig Food & Crafts Ltd**

### **Notes to the abridged financial statements (continued) Financial year ended 31st March 2025**

#### **Government grants**

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised using the accrual model.

Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable.

Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income and not deducted from the carrying amount of the asset.

#### **Financial instruments**

The company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Profit and Loss account.

#### **Trade and other debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

#### **Creditors and accruals**

Creditors and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

#### **Employee benefits**

The company provides benefits to employees including paid holiday arrangements.

#### **Short term benefits**

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

#### **Cash at bank and in hand**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice on not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**Carrig Food & Crafts Ltd**

**Notes to the abridged financial statements (continued)**  
**Financial year ended 31st March 2025**

**Share capital**

Ordinary shares are classified as equity. Called-up share capital represents the nominal value of shares that have been issued. The share premium account includes any premiums received on issue of share capital. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**4. Appropriations of profit and loss account**

	<b>2025</b>	<b>2024</b>
	€	€
At the start of the financial year	31,038	51,516
Loss for the financial year	(12,224)	(20,478)
<b>At the end of the financial year</b>	<u>18,814</u>	<u>31,038</u>
