1. General Information

The financial statements comprising the Profit and Loss Account, the Balance Sheet and the related notes constitute the individual financial statements of Onsite Techsolutions Ltd. for the financial year ended 31st May 2025.

The principal activity of the company is that of computer consultancy.

The company is a limited liability company incorporated, registered and domiciled in the Republic of Ireland. The company is tax resident in the Republic of Ireland.

The company registration no is 212321 and it's registered office is 5 Allendale Elms, Clonsilla, Dublin 15.

The financial statements are prepared without rounding in Euro which is the functional currency of the company.

2. Accounting Policies

The significant accounting policies adopted by the Company and applied consistently in the preparation of these financial statements are set out below.

(a)Basis of preparation

The Financial Statements are prepared on the going concern basis, under the historical cost convention, and comply with the Companies Act 2014 and accounting standards issued by the Financial Reporting Council, including FRS 105 "The Financial Reporting Standard applicable to the Micro-entities Regime".

(b)Currency

(i)Functional and presentation currency

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). The financial statements are presented in euro, which is the company's functional and presentation currency and is denoted by the symbol "€".

(c)Revenue recognition

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

(d)Tangible fixed assets

(i)Cost

Tangible fixed assets are recorded at historical cost or deemed cost, less accumulated depreciation and impairment losses. Cost includes prime cost, overheads and interest incurred in financing the construction of tangible fixed assets. Capitalisation of interest ceases when the asset is brought into use.

(ii)Depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over it's expected useful life, as follows:

Fixtures, fittings and equipment 12.50 % Straight Line

The company's policy is to review the remaining useful economic lives and residual values of property, plant and equipment on an on-going basis and to adjust the depreciation charge to reflect the remaining estimated useful economic life and residual value.

Fully depreciated property, plant & equipment are retained in the cost of property, plant & equipment and related accumulated depreciation until they are removed from service. In the case of disposals, assets and related depreciation are removed from the financial statements and the net amount, less proceeds from disposal, is charged or credited to the income statement.

(e)Trade and other debtors

Trade and other debtors are recognised at transaction price less any provision for impairment. A provision for impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. All movements in the level of the provision required are recognised in the profit and loss.

(f)Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

(g)Trade and other creditors

Trade and other creditors are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised at the transaction price.

5 ALLENDALE ELMS, CLONSILLA, DUBLIN 15.

(h)Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

(i)Contingencies

Contingent liabilities, arising as a result of past events, are not recognised when (i) it is not probable that there will be an outflow of resources or that the amount cannot be reliably measured at the reporting date or (ii) when the existence will be confirmed by the occurrence or non-occurrence of uncertain future events not wholly within the company's control. Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

(j)Employee Benefits

The company provides a range of benefits to employees, including paid holiday arrangements.

(i)Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.
