**Statement of directors' responsibilities and declaration on unaudited financial statements**

*General responsibilities*

Company law requires the directors to prepare financial statements for each financial period, which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the company and to enable them ensure the financial statements comply with the Companies Act, 1963-2014 and all Regulations to be construed as one with those Acts. They are also responsible for ensuring the company otherwise complies with the provisions of those Acts relating to financial statements insofar as they are applicable to the company. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and hence to prevent and detect fraud and other irregularities.

*Directors' declaration on unaudited financial statements*

In relation to the financial statements as set out on page 4:

- (a) The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgement underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.
- (b) the directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the year ending 31st August 2025.
