Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, issued by the Financial Reporting Council.

In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

#### Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### Ordinary share capital

The ordinary share capital of the company is presented as equity.

### 3. Significant accounting judgements and key sources of estimation uncertainty

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Judgements and estimates are continually evaluated and are based on historical experiences and other factors including expectations of future events that are believed to be reasonable under the circumstances.

The directors consider the accounting estimates and assumptions below to be its critical accounting estimates and judgements:

#### Going Concern

The directors have prepared budgets and cash flows for a period of at least twelve months from the date of approval of the financial statements and are satisfied that no material uncertainty exists regarding the company's ability to meet its liabilities as they fall due.

On this basis the directors consider it appropriate to prepare the financial statements on a going concern basis.

Accordingly the financial statements do not include any adjustments to the carrying amounts and classification of assets and liabilities that may arise if the company was unable to continue as a going concern.
