STATEMENT OF DIRECTOR'S RESPONSIBILITIES

General responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and Generally Accepted Accounting Practice in Ireland, including the accounting standards issued by the Accounting Standards Board.

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- * select suitable accounting policies and then apply them consistently
- * make judgements and estimates that are reasonable and prudent
- * prepare the financial statements in the going concern basis unless it is inappropriate to presume that the company will continue business

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the company and to enable them ensure the financial statements comply with the Companies Acts 2014 and all Regulations to be construed as one with those Acts. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Director's declaration on unaudited financial statements

In relation to the financial statements as set out on pages 3 to 7:

- (a) The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.
- (b) The directors confirm that they have made available to O'Leary & Co. Certified Public Accountants, the company's accounting records and provided all the information necessary for the completion of the financial statements.
- (c) The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the year ended 30 April 2025.

Accounting policies

The significant accounting policies adopted by the Company are as follows:

(a) **Basis of preparation - going concern**

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entity" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year, and has applied rules of the "Micro Companies Regime" in accordance with section 280E of the Companies Act 2014 and FRS 105.

(b) **Turnover**

Turnover represents net sales to customers and excludes Value Added Tax.

(c) **Tangible Fixed Assets**

Tangible fixed assets are stated at cost less accumulated depreciation.

(d) **Depreciation**

Depreciation is calculated in order to write off the cost of tangible fixed assets over their estimated useful lives as follows:

Office equipment	-	12.5% per annum
Equipment	-	12.5% per annum
Motor vehicles	-	20% per annum
Plant & Machinery	-	15% per annum

(e) **Cash Flow Statement**

The company meets the size criteria for a small company set by the Companies Act 2014 and therefore, in accordance with FRS 105: Cash Flow Statements, it has not prepared a cash flow statement.

(f) **Reporting Currency**

The financial statements are expressed in Euro.

(g) **Stocks**

Stocks are valued at the lower of costs and net realisable value. Full provision has been made for damaged, deteriorated, obsolescent or unusable materials.

Net realisable value comprises the actual or estimated selling price less all further costs to completion or to be incurred in the marketing, selling and distribution.

(h) **Taxation**

The charge for taxation is based on profit for the year. Deferred taxation is calculated on the differences between the company's taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. The full deferred tax effect is recognised on differences between amounts funded and amounts charged to the profit and loss in relation to pensions and other post retirement benefits. Discounting is used in calculating deferred tax.
