Report of the Directors - Continued

STATEMENT OF DIRECTORS RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company for that period. In preparing those financial statements, the directors are required to:

select suitable accounting policies and then apply them consistently,

make judgements and estimates that are reasonable and prudent;

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Acts 2014. They are also responsible for safeguarding the assets of the company and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' declaration on unaudited financial statements

In relation to the financial statements as set out on pages 5 to 10:

(a) The directors approve these financial statements and confirm that they are responsible for them, including selecting appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.

(b) The directors confirm that they have made available all the company's accounting records and provided all the information, books, or documents, necessary for the compilation of the financial statements.

(c) The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions for the company for the year ending 31st August 2024.
