This is also the principal place of business of the company. The nature of the company's operations and its principal activities are set out in the Director's Report.

The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Statement of compliance

The financial statements of the company for the year ended 30 April 2025 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280A of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Companies Act 2014 and Section 1A of FRS 102.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Taxation

The yearly charge for taxation is based on the results for the year and is calculated with reference to the tax rates applying at the balance date. Deferred taxation is calculated on the differences between the company's taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. Full provision for deferred tax assets and liabilities is provided at current tax rates on differences that arise between the recognition of gains and losses in the financial statements and their recognition in the tax computation. Deferred tax assets are recognised to the extent that they are recoverable, that is, on the basis of all available evidence, it is more likely than not that there will be suitable tax profits from which the future reversal of the underlying timing differences can be deducted. Any assets and liabilities recognised have not been discounted.

Ordinary share capital

The ordinary share capital of the company is presented as equity.

3. Critical Accounting Judgements and Estimates

The directors consider the accounting estimates and assumptions below to be its critical accounting judgements and estimates:

Going Concern

The company is reliant on the continued support of its related parties.

The directors have considered the financial position of the company for a period of at least 12 months from the date of the approval of the financial statements. The directors are confident that current and future operating cash flows together with the ongoing financial support of its related parties mean that the company will have adequate cash to fund and meet its operating costs and expenses for the foreseeable future. The assessment of the appropriateness of the future going concern status of the company does not factor in any changes to the above assumption.

On the basis of the above, the directors believe it appropriate for the financial statements to be prepared on a going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the continued support of its related parties.
